MAKEUP

by Rose

To get Nora's radiant summer glow, I applied a base of *gloMinerals Luxe Liquid Foundation* in *Brulee*, and complemented it with *gloMinerals Pressed Powder* in *Honey Medium*. I then applied *Nars* blush in *Orgasm* over her cheeks to give her a soft flush. To make Nora's bright eyes pop, I used *gloMinerals* eye shadow in *Twig* and applied *gloMinerals Lengthening Mascara* in *Black*. To fill in her eyebrows, I used the *Anastasia Brow Wiz* pencil in *Taupe*. To complete the look, I coated Nora's lips with *MAC Cremesheen* lipstick in *Shy Girl* for a subtle finish.

HAIR

by Ellie

To create Nora's long, flowing beach waves, I used a 1-inch curling wand by *Marcel*. After loosely curling her hair, I applied *Sea Salt Spray* by *Davines* to create natural texture and movement. To add fullness and body, I teased the crown of Nora's head, giving her waves added volume. To finish and hold the look, I applied *Medium Hold Hair Spray* by *Davines*.
